**February 2, 2026**

**Call to Order:** Mayor Pro-Tem Mandy Neese called the Regular Meeting to order at 7:13 pm. Present were Mayor Pro-Tem Mandy Neese, Council Member Michael Taylor, Council Member Jason Baswell, Council Member Mark Ayers, and Council Member Kandis Strickland. Also present were City Manager Lisa Kelly, Community Development Director Dhayna Portillo, City Attorney Alex Dixon, and Police Chief Jeff Sheppard. Mayor Jake Ayers, Assistant City Manager Oasis Nichols and City Clerk LeAnn Lehigh were not present at the Regular meeting.

Council Member Ayers gave the invocation, and Mayor Pro-Tem Neese led the Pledge of Allegiance.

### **CONSENT AGENDA**

**Motion:** Council Member Strickland moved to amend the Consent Agenda, striking item Number 3: Hillstar Cottages Preliminary Plat, from the agenda. The motion was seconded by Council Member Taylor.

**Motion Carries 5-0**

**Motion:** Council Member Baswell moved to approve the Consent Agenda. The motion was seconded by Council Member Taylor.

**Motion Carries 5-0**

### **PRESENTATIONS**

#### ***1. Employee Service Award – Titus Roberson – 5 Year Anniversary***

Customer Service Manager Ameia Williams presented Titus Roberson a plaque and milestone award for his five years of service as a Meter Tech with the City, praising his dedication, technical expertise, and commitment to safety.

#### ***2. Toni Teagle – Community Resources***

Toni Teagle, a certified peer specialist, requested the City provide a building to establish a free community resource center for mental health.

The goal is to offer a safe space for peer-led support groups for individuals and families dealing with mental illness, reducing stigma and providing support for crises.

She asked the council for help with resources, such as a dedicated space, to start the program.

### **CITIZEN APPEARANCE**

#### ***1. Paula Darden to Discuss Air Pollution by Data Centers***

Paula Darden addressed the council about air pollution from diesel generators used by data centers for backup power. She highlighted that local air quality is already poor and urged the council to consider the health hazards, especially with schools near the Hightower Road site, before approving any data centers.

### **NEW BUSINESS**

#### ***1. Ordinance – 1<sup>st</sup> Reading – UDO Amendment - Creation of Heavy Industrial HI Zoning Code***

**Motion:** Council Member Strickland moved to table the first reading of the ordinance for the creation of HI Zoning Code. The motion was seconded by Council Member Taylor.

**Discussion:** The proposed ordinance would establish the HI zone, prohibit crypto mining city-wide, and restrict data centers to only the HI district. Confusion arose regarding the modification, as it moved many items from the light industrial zone, some of which may not belong in a heavy industrial zone. Council members raised questions about the definition of "data center" to avoid impacting smaller IT businesses. Council will hold a Work Session meeting to discuss concerns before the next scheduled Council meeting.

***Motion Carries 5-0 – ITEM TABLED***

#### ***2. Resolution – Data Center Moratorium***

**Motion:** Council Member Strickland moved to approve the 90-day all-inclusive Data Center Moratorium, which does apply to the Hightower Road property (Fertile Ground) to ensure consistent rules while a comprehensive ordinance is developed. The motion was seconded by Council Member Taylor.

**Discussion:** The council discussed two versions of a Moratorium resolution prepared by the City Attorney. One version excluded the High Tower Road property, and the other did not.

It was noted that the intergovernmental agreements for the Hightower Road property was never approved in a public meeting and are not binding on the council.

The council favored a 90-day period to expedite the development of new regulations, with the option to extend.

***Motion Carries 5-0***

***3. Wastewater Jetting Policy***

**Motion:** Council Member Baswell moved to approve Wastewater Jetting Policy. The motion was seconded by Council Member Ayers.

**Discussion:** Public Works Director Andy Jones presented a policy to formalize the inconsistent practice of clearing sewer blockages on private property. The city's jetting machine is designed for 6-inch main lines and sustained nearly \$20,000 in damage from use on smaller 3–4-inch private lines, which requires higher pressure. Jetting can also damage older pipes. The new policy includes:

- Up to three courtesy jetting services, with a \$50 fee for subsequent calls.
- An after-hours fee for services on evenings or weekends.
- A requirement for a proper cleanout; the city will not service 3-inch lines.
- A liability waiver and formal work order will be required.

***Motion Carries 5-0***

**ADJOURNMENT**

On a motion made by Council Member Strickland and duly seconded, Mayor Pro-Tem Neese adjourned the meeting at 8:31 pm.

Respectfully,

Dhayna Portillo

Community Development Director

## Work Session Meeting

### February 2, 2026

**Call to Order:** Mayor Pro-Tem Mandy Neese called the Work Session to order at 5:30 pm. Present were Mayor Pro-Tem Mandy Neese, Council Member Michael Taylor, Council Member Jason Baswell, Council Member Mark Ayers, and Council Member Kandis Strickland. Also present were City Manager Lisa Kelly, Community Development Director Dhayna Portillo, City Attorney Alex Dixon, and Police Chief Jeff Sheppard. Mayor Jake Ayers, Assistant City Manager Oasis Nichols and City Clerk LeAnn Lehigh were not present at the Work Session meeting.

#### **1) Hillstar Cottages – Preliminary Plat**

This item, tabled from the previous meeting, was brought back for reconsideration. The developer referenced the originally approved 80–85 lot plan and noted that a prior variance request to increase to 115 lots was denied. A revised 116-unit cottage court plan was submitted to be compliant with the UDO and not requiring a variance. The developer presented comparable projects and stated the development would provide an affordable housing option targeting commuters, first-time homebuyers, and retirees. Proposed home prices range from under \$200,000 to approximately \$250,000, with home sizes up to 1,200 square feet. The homes are single-family detached on individually owned lots with rear yards and HOA-maintained courtyards. Proposed amenities include a pickleball court, with the option to substitute a playground.

The plan provides 274 parking spaces, exceeding the 174 spaces required, through a combination of on-street and designated parking areas.

Council expressed concerns regarding reliance on on-street parking and potential impacts to emergency and delivery vehicle access; the overall scale of the project, noting cottage courts were originally envisioned as smaller-scale developments; lack of product variety; and overall density. While members acknowledged the need for affordable housing, concerns remained regarding the number of units proposed.

The developer indicated that reducing density would affect project feasibility but expressed willingness to incorporate a required mix of home types. A mixed-development alternative was briefly discussed.

Council noted there is no guarantee the current developer would ultimately construct the project. The developer requested clearer guidance regarding approval expectations, and Council expressed concern about the limited time available to review the revised plan prior to the meeting.

#### **2) Jones Crossing Phase 3 – Preliminary Plat Amenity Discussion**

The developer requested informal guidance regarding proposed amenities for Phase 3 of Jones Crossing to promote long-term residency. Two concept options were presented.

Option 1 includes a walking trail, multi-use sports field, picnic area, fire pit, and an additional playground. The estimated cost is \$300,500, including grading and the loss of one lot, reducing the total from 105 to 104 lots. A council member indicated preference for this option. The Police Chief confirmed the layout would provide adequate visibility for patrol.

Option 2 relocates the sports field to a central roundabout, reducing grading costs but resulting in the loss of three lots.

The developer suggested the City would consider offsetting amenity costs through a reduction in tap fees. Council noted that tap fees fund infrastructure improvements but expressed willingness to explore a potential compromise to enhance the development's long-term viability.

#### **3) UDO Amendment – Creation of Heavy Industrial (HI) Zoning District**

A proposal was presented to create a new Heavy Industrial (HI) zoning district, which would initially contain no properties. The intent is to require uses such as data centers to locate exclusively within the HI district, necessitating a rezoning process for any future project and providing the City oversight through that process. Creation of the district was discussed as a separate matter from adopting detailed data center regulations.

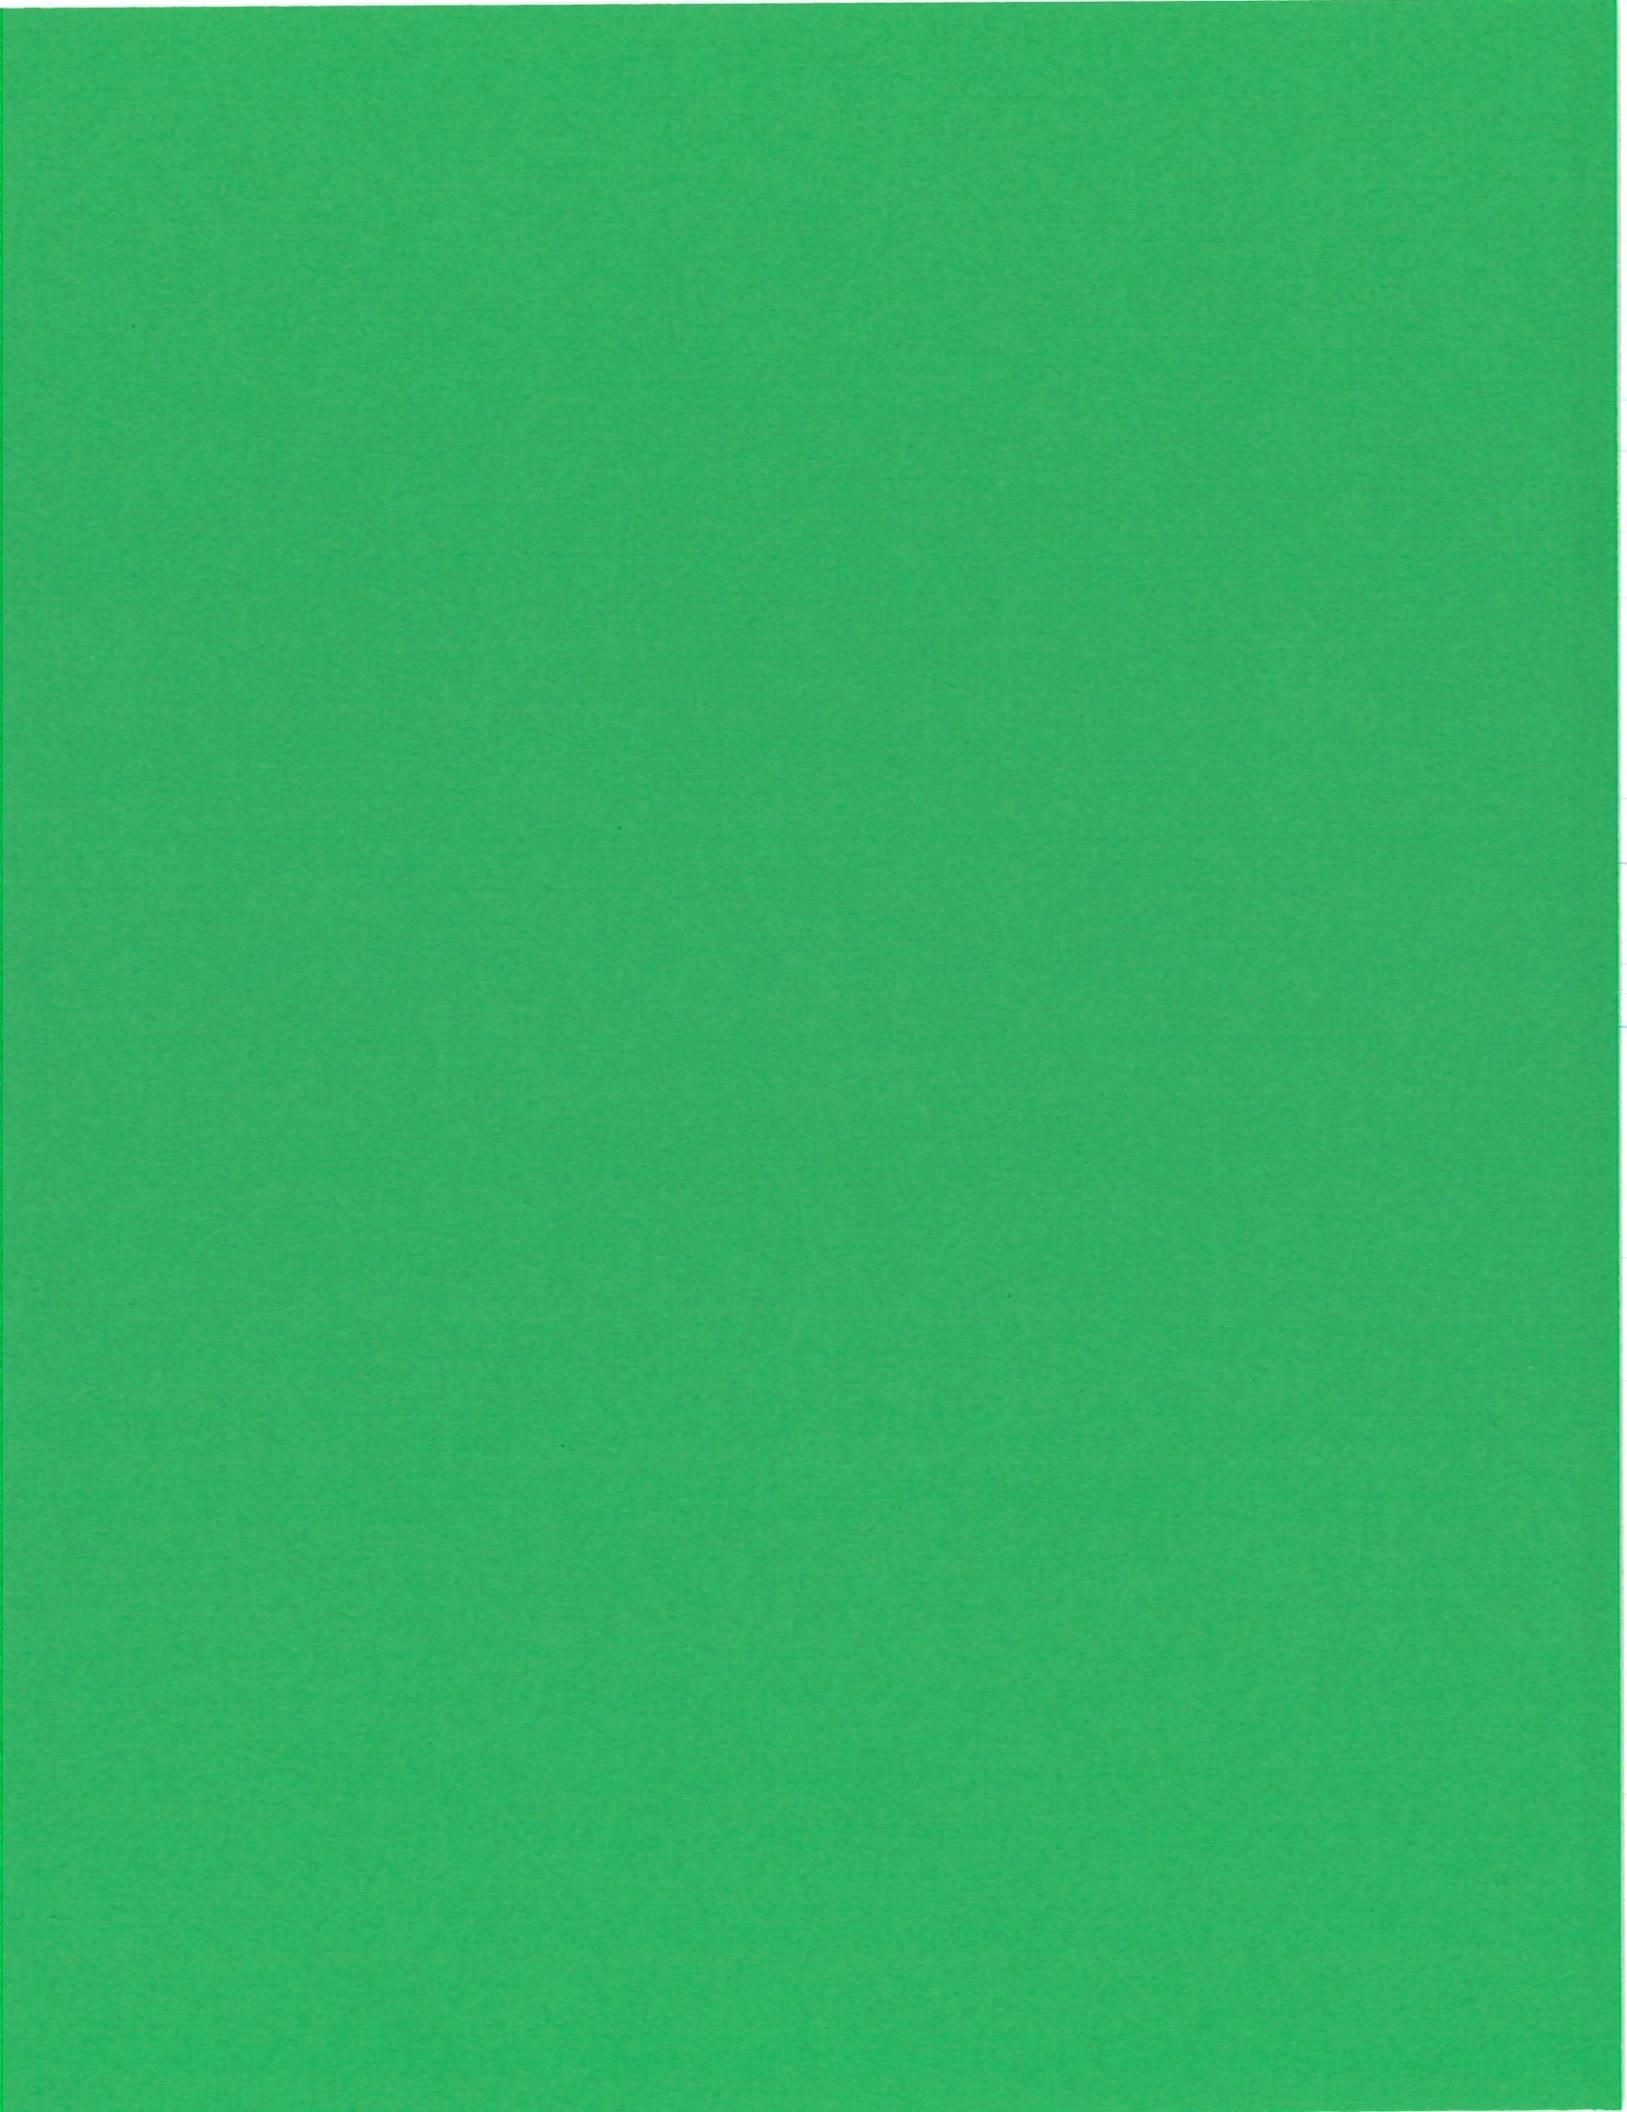

#### **4) Data Center Moratorium**

A moratorium on data center development was proposed to allow time to draft a comprehensive, legally defensible ordinance and avoid issues experienced in other jurisdictions. A 90-day or 180-day duration was discussed. Council considered whether the moratorium should apply citywide or exempt the Hightower Road property. It was clarified that no binding agreement exists for that property. This item is scheduled for Council action at the Regular Meeting.

Mayor Pro-Tem Neese adjourned the Work Session at 7:05 pm.

Respectfully,

### COUNCIL ACTION FORM

---

MEETING DATE: 02/02/2026

SUBMITTED BY: Andy Jones

AGENDA TITLE: Street Repair at Duck Walk Way

CLASSIFICATION (City Attorney must approve all ordinances, resolutions and contracts as to form)

Ordinance (No. \_\_\_\_\_)       Contract       Information Only       Public Hearing

Resolution (No. \_\_\_\_\_)       Ceremonial       Discussion/Action       Other

BACKGROUND (Includes description, background, and justification)

In Mallard Lake Subdivision, we have a road failure that was incorrectly repaired by a contractor. Mallard Lake was an existing development that was purchased by a developer who came in and completed the remaining construction. Part of the construction included installing sewer taps to a couple locations that did not have existing sewer taps at the location. Said developers brought in sub-contractors to make taps and repair the road after the taps were completed. While the build out of the existing areas were underway, the truck traffic damaged areas of Duck Walk Way causing aligatoring of the roadway. Poor compaction of the sewer taps has caused major sinking in the area. No provisions were put in place for road repair and maintenance once construction was completed to allow for these repairs. The area of damage is in failure and needs immediate repair so the City can avoid major repairs and insurance claims that will follow as the condition of the road fails.

BUDGETING & FINANCIAL IMPACT (Includes project costs and funding sources)

Quotes for repair costs are attached.  
Option one – Asphalt Patch Only, \$8,395.00.  
Option two – Asphalt excavation repair road width, \$20,268.00.

Payment is recommended out of SPLOST funds from the street, paving and sidewalk project category.

## STAFF RECOMMENDATION (Include possible options for consideration)

Staff recommendation is option two (2) which fixes the root of the problem which is poor compaction. This will correct the aligaroting of the remaining asphalt around the sewer tap location and ensure correct compaction. This will ensure that the repair will last long-term.

Option one – Asphalt Patch Only. This option will only be a temporary fix and will eventually begin to deteriorate and be in the same condition as the current asphalt. This does not correct the issue that has caused the road failure.

No action will result in Ongoing patching and repairing maintenance as asphalt breaks up. Insurance claims on vehicle damage as cars bottom out and come in contact with the manhole. Ongoing work orders and complaints to City Hall staff. Major infrastructure failure to sewer system which will be more costly.

**RE: Swing Set for Green Park**

Dear Lisa,

The Hogansville Charitable Trust, Inc held its annual Board of Directors meeting on January 24, 2026. During the meeting, the Board committed funds to purchase and then grant, to the City of Hogansville, a swing set for installation at Green Park in the Village. Currently this park has limited amenities, and this would be a great addition.

General Details:

- Approx 46' long
- 6 swings
  - 4 – rubber belt swings
  - 2 – toddler seats
- 12-16 lead time

The Trust has committed to purchase the equipment and pay for professional installation. This is estimated to cost between \$11,000 - \$12,000. The trust is asking the City of Hogansville to provide \$3,000 for landscape around the swing set. The landscape would be the rubber type playground mulch.

The Board would like to see this project completed by early May so the children in our community can enjoy the swings this summer.

We look forward to hearing back from you.

Sincerely,

Brandon Rettke, Treasurer  
Hogansville Charitable Trust, Inc.
